

KAUSTUBH

MALVIYA

SOFTWARE ENGINEER

PROFILE

I'm a Computer Science graduate from Birla Institute of Technology Mesra with expertise in programming, data structures, and algorithms. My hands-on experience during an internship at Hindalco Industries Ltd and working at freelance Mantra has honed my problem-solving skills and ability to collaborate with diverse teams. I excel in adapting to new technologies and believe in using technology to drive innovation. Committed to continuous learning, I'm eager to contribute my skills and be an asset to your team in achieving your company's goals in Computer Science.
